

Caboche Plus Floor

Patricia Urquiola, Eliana Gerotto
2005

A genuine design gem, sparkling and precious like a bracelet, it has a metal base with a circular design that reflects the shape of the diffuser. Redesigned with new arches, a new “twist-lock” attachment system and new spheres, beside a new LED board. When switched on, light is diffused from inside the spheres, creating an upward and downward lighting effect as well as spreading light around the room.
